

The Caregiver Burden Playbook

4 Automations That Give Back **5–7 Hours/Week**

Caregivers aren't leaving because of patients. They're leaving because of paperwork. This playbook shows how to free their time for care—not forms.

1

Timesheets

AI auto-validates hours logged vs. visits completed.

2

Schedule Changes

AI updates calendars + alerts caregivers instantly.

3

Visit Notes Nudges

Automated reminders + quick-fill templates.

4

Caregiver Points Dashboard

Automated reward points and leaderboard.

Case Example:

Agencies using CareFlo report 5–7 hours/week saved per caregiver—improving retention and morale.

Keep your caregivers happy and reduce turnover costs.
